THE LOSSES INCLUDED IN THIS TABLE ARE DETAILED ON PAGES 5 TO 8.

* Excluding vessels trading on the Great Lakes of North America.

(a) Vessels condemned after damage by fire, collision, stranding, &c., are included, according to the date of the *casualties*, under "Burnt," "Collision," "Wrecked," &c. Cases of breaking up, condemnation, &c., not consequent upon stress of weather, &c., (see b. ii.), are excluded from this Table.

(b) Under the heading "Lost, &c.", are included total losses which, for want of sufficient information, or for other reasons, cannot be otherwise classified.

(c) Under the heading "Missing," are included only vessels so *posted or reported* during the period covered by the return.

(d) Under the heading "Wrecked," are included vessels lost through stranding, or through striking rocks, sunken wrecks, &c.

(e) Excluding cases of breaking up, condemnation, &c., which are not known to be consequent upon stress of weather, &c.

TABLE No. 2:—Showing the number, net tonnage and nationality of SAILING VESSELS totally lost, condemned, &c., during the quarter ended 31st March, 1912, as reported up to the 16th July, 1912, and showing also the number and tonnage of sailing vessels owned in each country. (Vessels under 100 tons net are not included in this return.)

THE LOSSES INCLUDED IN THIS TABLE ARE DETAILED ON PAGES 5 TO 7.

* Excluding vessels trading on the Great Lakes of North America.

(a) Vessels condemned after damage by fire, collision, stranding, &c., are included, according to the date of the *casualties*, under "Burnt," "Collision," "Wrecked," &c. Cases of breaking up, condemnation, &c., not consequent upon stress of weather, &c., (see b. ii.), are excluded from this Table.

(b) Under the heading "Lost, &c.", are included total losses which, for want of sufficient information, or for other reasons, cannot be otherwise classified.

(c) Under the heading "Missing," are included only vessels so *posted or reported* during the period covered by the return.

(d) Under the heading "Wrecked," are included vessels lost through stranding, or through striking rocks, sunken wrecks, &c.

(e) Excluding cases of breaking up, condemnation, &c., which are not known to be consequent upon stress of weather, &c.

TABLE No. 2:—Showing the number, net tonnage and nationality of SAILING VESSELS totally lost, condemned, &c., during the quarter ended 30th June, 1912, as reported up to the 22nd October, 1912, and showing also the number and tonnage of sailing vessels owned in each country. (Vessels under 100 tons net are not included in this return.)

NOTE. MATERIAL OF CONSTRUCTION OF ABOVE VESSELS:—STEEL, 42—79,161 tons. IRON, 19—17,983 tons. WOOD AND COMPOSITE, 11—2,980 tons.

THE LOSSES INCLUDED IN THIS TABLE ARE DETAILED ON PAGES 5 TO 8.

* Excluding vessels trading on the Great Lakes of North America.

(a) Vessels condemned after damage by fire, collision, stranding, &c., are included, according to the date of the casualties, under "Burnt," "Collision," "Wrecked," &c. Cases of breaking up, condemnation, &c., not consequent upon stress of weather, &c., (see b. ii.), are excluded from this Table.

(b) Under the heading "Lost, &c.", are included total losses which, for want of sufficient information, or for other reasons, cannot be otherwise classified.

(c) Under the heading "Missing," are included only vessels so posted or reported during the period covered by the return.

(d) Under the heading "Wrecked," are included vessels lost through stranding, or through striking rocks, sunken wrecks, &c.

(e) Excluding cases of breaking up, condemnation, &c., which are not known to be consequent upon stress of weather, &c.

TABLE No. 2:—Showing the number, net tonnage and nationality of SAILING VESSELS totally lost, condemned, &c., during the quarter ended 31st December, 1912, as reported up to the 12th March, 1913, and showing also the number and tonnage of sailing vessels owned in each country. (Vessels under 100 tons net are not included in this return.)

Lloyd's Register of British & Foreign Shipping.

Lloyd's Register of British & Foreign Shipping.

WRECK STATISTICS FOR 1912.

The statistical summary of vessels totally lost, broken up, condemned, &c., now published by Lloyd's Register, shows that, during 1912, the gross reduction in the effective mercantile marine of the world amounted to 720 vessels of 748,965 tons, excluding all vessels of less than 100 tons. Of this total, 379 vessels of 572,745 tons were steamers, and 341 of 176,220 tons were sailing vessels.

These figures are lower than those for 1911 by 135,878 tons (47,007 tons steam, and 88,871 tons sail).

One of the most common terminations of a vessel's career is by breaking up, dismantling, etc. (not in consequence of casualty). The amount of tonnage so dealt with in 1912 was 157,641 tons, this being 97,876 tons less than that for 1911. Nearly 23 per cent. of the steamers and 24 per cent. of the sailing vessels removed from the Merchant Fleets of the World in the course of 1912 are accounted for in this manner. Of the total tonnage of such cases over 38 per cent. is represented by United Kingdom vessels.

The number and tonnage of vessels lost, etc., during the previous ten years are as follow :—

YEAR.	STEAMERS.		SAILING VESSELS.	
	No.	Tons (Gross).	No.	Tons (Net).
1902	301	408,363	571	292,327
1903	326	479,081	596	300,722
1904	344	512,879	463	225,266
1905	382	527,978	501	264,376
1906	378	509,707	567	307,105
1907	356	565,119	512	286,105
1908	382	566,487	418	242,805
1909	383	645,670	483	293,562
1910	421	667,440	442	280,250
1911	427	619,752	461	265,091

The Statistical Tables exhibit interesting data as to the relative frequency of the different kinds of casualty, &c., which conclude the existence of vessels. Strandings and kindred casualties which are comprised under the term "wrecked," are much the most prolific cause of disaster. To such casualties are attributable over 54 per cent. of the losses of steamers, and over 55 per cent. of sailing vessels. Cases of abandoned, foundered, and missing vessels are no doubt frequently more or less similar in the circumstances of loss. If these be taken collectively, they form over 24 per cent. of the steamers, and over 29½ per cent. of the sailing vessels removed from the mercantile marine during 1912, owing to casualty.

The return has been prepared in such a manner as to enable a comparison to be made between the percentages of loss suffered by each of the principal merchant navies in the world. Great as the absolute annual loss of vessels belonging to the United Kingdom appears to be, it is seen to form but a very moderate percentage of the mercantile marine of the country, and to compare favourably with the losses sustained by the other principal maritime countries.

Lloyd's Register of British & Foreign Shipping.

STATISTICAL SUMMARY

OF

VESSELS OF ALL NATIONS,

OF 100 TONS AND UPWARDS,

TOTALLY LOST, CONDEMNED, &c.,

DURING THE YEAR

1912.

NOTE:—This Summary is based upon the quarterly returns of total losses, &c., which have been published by Lloyd's Register. It includes, however, vessels which had not been given up as total losses, or of the loss of which information had not been received, when the returns for the quarters in which they respectively occurred were compiled. On the other hand, a few vessels which, being definitely considered as total losses at the respective dates of compilation, were included in the quarterly returns, have since been floated, repaired, &c., and are accordingly now excluded from the statistics given herein. Particulars of all such additions to, and deductions from, the quarterly returns are given on pages 5 to 8.

A distinguishing feature of the Wreck Returns published by Lloyd's Register is that, except as stated in the footnotes to Table No. 1, they are compiled strictly according to the dates at which the casualties resulting in total loss actually *occurred*, and not according to the dates at which *reports* of casualties were *received*.

71, FENCHURCH STREET, LONDON.

July, 1913.

TABLE No. 1:—Showing the number, net and gross tonnage and nationality of STEAM VESSELS totally lost, condemned, &c., during the year 1912, as reported up to the 21st July, 1913; and showing also the number and tonnage of steam vessels owned in each country. (Vessels under 100 tons gross are not included in this return.)

* Excluding vessels trading on the Great Lakes of North America.

(a) Vessels condemned after damage by fire, collision, stranding, &c., are included, according to the date of the *casualties*, under "Burnt," "Collision," "Wrecked," &c.

Cases of breaking up, condemnation, &c., not known to be consequent upon stress of weather, &c., are excluded from the table; during 1912, 87 steamers of 75,885 tons net, 122,070 tons gross (including 38 belonging to the United Kingdom of 34,384 tons net, 57,083 tons gross) come within this category.

(b) Under the heading "Lost, &c.", are included total losses which, for want of sufficient information, or for other reasons, cannot be otherwise classified.

(c) Under the heading "Missing," are included only vessels so *posted or reported* during the period covered by the return.

(d) Under the heading "Wrecked," are included vessels lost through stranding, or through striking rocks, sunken wrecks, &c.

(e) Excluding cases of breaking up, condemnation, &c., which are not known to be consequent upon stress of weather, &c.

Including such cases, the grand total for 1912 is 379 steamers of 345,045 tons net, 572,745 tons gross.

TABLE No. 2.—Showing the number, net tonnage and nationality of SAILING VESSELS totally lost, condemned, &c., during the year 1912, as reported up to the 21st July, 1913, and showing also the number and tonnage of sailing vessels owned in each country. (Vessels under 100 tons net are not included in this return.)
